Overview of Award

Longfields Davidson Heights SS and Carleton University Sprott School Business won a 2018 Global Best Award for a pilot program that started with 1 class of Gr 12 students in one school and has since expanded to 15 schools and over 300 students. A partnership between students from the business programs from 1st to 4th year was established with Gr 12 students at local area highschools in an effort to bridge the gap between soft skills required at universities. Case Study workshops were conducted by university students who visited students in their classrooms. The best team in each class was then invited to a High School Case Study competition at Carleton University. The success of this program has increased in leaps and bounds, with Carleton looking to increase its Case Study Competition to reach more highschool students in the Ottawa region.
